

GREATER ALBANY
PUBLIC SCHOOLS

OPEN HOUSE

Oak Grove &
Meadow Ridge

February 26th • Timber Ridge • 6:30 – 8:30PM

February 27th • North Albany Middle • 6:30 – 8:30PM

CONSTRUCTION IS nearing completion on Greater Albany School District's two schools at Oak Grove and Meadow Ridge! The district has formed a committee to address the opening of these schools, composed of parents, teachers, principals, and other community leaders.

Questions to be addressed by the committee:

- How should Oak Grove, North Albany Elementary, and Fir Grove be organized by grade level? How should the school boundaries be organized?
- Should Fir Grove remain in use as a neighborhood school?
- Should Meadow Ridge open in the middle of the academic year when it's complete, or should the district wait until Fall 2020?
- How should the grade levels for Meadow Ridge and Timber Ridge be organized?

Community open house structure and process:

- Community members may attend a meeting at any time during the meeting window, and at any location. The content is the same at both meetings.
- There is no formal presentation; information will be presented at informational kiosk stations. Participants may hear a brief presentation from a district facilitator and ask questions.
- A sheet with the agenda items will be distributed, and a survey will be made available for reporting to the committee, superintendent, and school board, to assist them in making their final decisions.

• Please call your school with any questions •
